The 59th Annual

CALEDONIA COUNTY FAIR

At St. Johnsbury, Vt.,
Sept. 19th, 20th and 21st, 1905
\$3,000 IN PREMIUMS
\$2,550 IN PURSES

This year's programme will exceed in variety and attractiveness that of any Fair ever held in this section of the country. New features have been added at considerable expense and the management are confident that the public will be satisfied with what is offered them. Read this list of attractions.

The Cattle Show

The largest exhibit of thoroughbred cattle east of Toronto this year. It will include cattle from the best herds in New England and Canada. The old fashioned "cattle show" is an enduring and always attractive part of Caledonia County Fair. Not hired to come, but coming to compete for the large premiums. The display will comprise

FIVE HUNDRED OR MORE CATTLE.

Fine Specimens of Horseflesh

POULTRY, SHEEP AND SWINE,

Vegetables and Other Farm Products

THE RACES

With \$2550 offered in purses the presence of the best horses on the circuit is assured, and lovers of a good race will see several of them at this Fair. Entries close Wednesday, September 13th, at 11 P. M.

A GREAT SOUTHERN EXHIBIT

Arranged by John T. Patrick of Houston, Texas, Eastern Industrial Agent of the Southern Pacific. This will consist in part of a Cotton Field, showing the cotton on the stalks as grown in the South; a Cotton Gin in operation, showing the process of ginning; and a compress illustrating the packing of cotton; a Peanut Patch, Pineapple Farm, a Rice Field, foods and minerals of the Southland; collection of Sea Shells, Coral, etc., from the Gulf region, and many other attractions from that part of our country. You can in reality take a Southern trip at the Caledonia County Fair for fifty cents.

Troop of United States Cavalry

A unique feature. Troop G from Fort Ethan Allen in drills and manoeuvres. Everybody will want to see them. They drill, in full dress, Tuesday and Wednesday.

STARRETT'S VAUDEVILLE

Each day in front of the Grand Stand, in entertaining acts, including "Divo," the monkey, looping the loop; the Great Hobson on the wire; Moonlight, the trick horse, and other performances.

Tuesday --- Children's Day!

All school children in the state will be given free admission on this day if school directors and teachers will notify the Secretary how many tickets are needed to supply their pupils by September 14th.

Wednesday --- Governors' Day

Governor Bell has invited the Governors of several Southern States to meet him at the Fair Sept. 20. The Governors of Arkansas, Louisiana and North Carolina have accepted. The presence of these distinguished representatives of the South will add peculiar interest to the day's proceedings.

Thursday -- Everybody's Day!

Every department of the Fair will be in full blast, as on the first and second days. There'll be plenty to see that's worth seeing.

CHAMPIONS WIN AND LOSE

Took First Game With Washington Easily.

WERE PUTTY IN SECOND.

Senators Administered Overwhelming Shut Out, 14 to 0, in the Second Set-to-Hughes and Gibson Pounded.

Boston, Sept. 12.—Boston and Washington broke even in their double-header yesterday afternoon, the home team taking the first game easily 6 to 3, and the Senators administering an overwhelming defeat, 14 to 0, in a seven-inning go in the second meeting. In the first Washington could not touch Winter, who pitched a fine game, with a three hit limit. But the visitors got after the new man, Hughes, in the first inning of the next game, and pounded him out of the box. Gibson, who replaced him, did but little better, while the team played poorly.

In the Boston victory the home team scored twice in the second inning on Burket's pass, Stahl's single, Collins' pass, a passed ball by Hayden and Freeman's single. Two more came in the third on a fielder's choice, a single by Collins and another by Grimshaw. Two passes, a Texas leaguer and another pass scored Armbruster in the fourth, and Collins scored in the seventh after he had hit a smasher too hot for Patten, and Freeman had singled to center. Nill had dropped Hayden's throw on Grimshaw's bunt and Ferris had sent out a long fly to left.

Washington's three came in a bunch in the fourth. Nill hit a scorcher between Collins and Parent. Cassidy doubled to left, and Nill scored. Hickman laid up against the ball for three bases, scoring Cassidy, and then Hickman came in on Anderson's long fly. Winter had the fidgets then, passing three men and striking out two.

The Second Game. Washington opened fire on Hughes at the start-off of the second game, after Hughes had given Nill a pass, Cassidy doubled, scoring Nill. Hughes threw out Hickman, but Anderson tripped, scoring Cassidy. Huelsman fouled to Criger, and then Jake Stahl doubled to the right field fence, sending in Anderson. Stanley contributed a single, and Stahl went in. Collins called Gibson into the game at this point, and the inning closed with a force out at second.

But Washington kept right after the game in the second. Falkenberg died on strikes, but Nill singled. Cassidy did the same, and Hickman would not be outdone, so Nill scored, and Cassidy went to third. Anderson hit a long fly to Burket, and Cassidy tallied. Parent dropped Huelsman's pop fly, and Hickman scored. Stahl singled, and Huelsman scored, having taken second previously. Stanley doubled to right, but Stahl did not score. He came in a second later, however, with Stanley, when Kittredge doubled to center. Falkenberg struck out again the same inning.

The Senators scored in each of the remaining innings, with one exception, while the Champs were pounding away, trying to record a hit off Falkenberg. Parent finally got one, the only one of the game, but there was no damage done.

HE BLAMES SELF.

Britt Says He Lost Battle by His Own Foolishness.

San Francisco, Cal., Sept. 12.—Sports who are discussing the battle between Nelson and Britt are of the opinion that Britt could not whip Nelson if he had another try. General sentiment is that the only one of the men who challenged the winner of Saturday's battle with any chance of success is Jimmie Gardner. If Gardner can get down to 133 pounds and remain strong, he has a punch which can overcome the Dane.

"I lost this battle because of my own foolishness. I realize it now, but before the battle I declared myself. I said I would fight Nelson in his own way. I found out I made a mistake." So said Jimmy Britt after he had an opportunity to think over the contest. Britt is badly used up, and complains that his hands were in very bad condition.

"I want another chance at Nelson," he said. "I think I can defeat him doing anything. He is a big, strong, husky fellow, and had I realized what I was up against I would have fought him in a different manner. I made a fatal mistake at the very beginning, in mixing in with him so much. His blows, however, in the earlier part of the fight, did not trouble me at all. In the 18th round I felt sure I could get him at any time, and was planning a move to fix matters, when suddenly I was copped."

The estimate of the gate receipts sent out was too large, because, although there were 12,000 persons inside the enclosure, they contributed only \$40,000. If it had not been for Nolan's talk about the referee there would have been about \$10,000 more in the house. As the fighters took 65 per cent, this means that Nelson will get \$15,841 and Britt \$12,740. To this must be added \$5,000 each for the picture privilege.

BEAUTIFUL SUMMER HOME.

It Is Being Constructed at East Burke by Mr. Darling, of New York.

St. Johnsbury, Sept. 12.—The work on the house being built by Mr. Darling, of New York, one of the proprietors of the Fifth Avenue hotel, at East Burke, is being rapidly pushed to completion but it will be next summer before it will be ready for occupancy. J. N. Foye, of St. Johnsbury, is the contractor, and Kent & Gardyne, of New York, are the architects. It is to be colonial in style and is constructed of wood with granite foundations and will be painted yellow with white trimmings. The granite foundation is 33 inches high. Twenty men are working on the frame work and it has been erected as far as the second story. Large piazzas will be built on the front and two sides of the house and a feature of the entrance will be the Colonial pillars. The structure will be three stories high, the main part being connected with a billiard room by a porte cochere. The principal room on the first floor is a large hall, 14 by 55 feet in dimensions, and other rooms will be the parlor, sitting room, dining room, library, and breakfast room, the latter to be finished in white birch panelling, and the other rooms in mahogany. There will be twenty-three sleeping rooms all finished in natural wood. There will be eight bathrooms and eleven fire places in the house.

The building will be wired for electricity and piped for gas. The contract for the heating, roofing, and plumbing is held by C. H. Goss & Co., of St. Johnsbury. There will be 200,000 feet of lumber used in the construction of the building, much of this lumber being taken from the timber lands owned by Mr. Darling at East Burke, and the granite used is also taken from East Burke. When completed it will be one of the largest and most magnificent houses in Vermont.

TO PROBE ALL GRAFT.

Belief Grows That President Will Investigate Departments.

New York, Sept. 12.—A Washington despatch to the World says: The bureau of forestry of the agricultural department will be the special subject of inquiry by Secretary Wilson. He will look into the workings of that bureau during his trip through the West. It is said the immediate object of Secretary Wilson's trip is to rectify alleged irregularities in the Black Hills forest reserve.

Actual graft in connection with the administration of the forestry bureau has not been suggested, but there are ugly rumors concerning the doings of some of its agents in the far West and Northwest, where the majority of forest reserves are situated. The utmost reticence is maintained about this as well as all other matters pertaining to the department bureau. Since the president turned down the secretary in the Salmon affair, Mr. Wilson has begun investigations that affect every bureau. The belief is gaining ground that on the return of the president, and when he is here in touch with the situation, he will order a thorough investigation of the departments in general, and especially of those against which there are charges of graft.

TEAMSTERS IN REVOLT.

Leading Unions of Chicago Repudiate the Brotherhood.

Chicago, Sept. 12.—Open revolt against the International Brotherhood of Teamsters, which practically amounts to secession, came Sunday when three of the best organized local unions in Chicago, the ice wagon drivers, van teamsters, and brick, sand, and terra cotta teamsters, voted to repudiate the election of officers at the international convention at Philadelphia, adopt the referendum, and withhold support from President Shea and the executive board. The unions which defied Shea and his colleagues, have a total membership of four thousand.

KING VICTOR VISITS RUINS

Sees Devastation Wrought by Earthquake.

GIVEN GRATEFUL WELCOME

Officers Are Sharing Their Rations With the People — Further Slight Shocks Add to the General Terror.

Rome, Sept. 12.—The results of the earthquake in Calabria have been fully ascertained. Over 1,500 persons were killed. The burials are feverishly hurried, for slight shocks continue completing the destruction of the crumbling buildings.

Ten villages were totally destroyed. Military bakeries are distributing bread to the population, who are panic-stricken and famished. King Victor Emmanuel has forwarded to Calabria orders suspending taxation in the suffering districts. He is supervising relief operations personally. Ample funds have been collected throughout Italy and have been promptly forwarded.

Alfiah, the celebrated director of the observatory, who predicted the earthquakes in northern India last April, announces a probable recurrence of the earthquakes in Calabria.

Paris, Sept. 12.—A despatch to the Echo de Paris from Milan says that the earthquake in Calabria last week was accompanied by strange phenomena. Showers of ashes fell at Marnella and a huge wave swept the shore near Maia. Springs dried up and the waters of the rivers rose.

London, Sept. 12.—A despatch to a news agency from Rome states that many of the villages that were devastated by the earthquake are without food and are unable to obtain any. Some of the destroyed villages will not be rebuilt. The survivors of the people who lived in them refuse to remain in the country and are asking for passports to America.

PUT TO THE TORTURE.

Bandits Use Fire on Wealthy Old Illinois Farmers.

Elgin, Ill., Sept. 12.—Bound, gagged and tortured by fire by three bandits who sought to make them reveal the hiding place of treasure they thought concealed in the house, Andrew and John Fehren, old and wealthy farmers living near Spring Lake, 12 miles north of here, are in a serious condition, and it is feared the shock and injuries may prove fatal to Andrew, the elder.

Andrew, after the robbers had searched the house and taken \$300, managed to free himself from the ropes which bound him and started across the fields to secure help. The soles of his feet were blistered, however, and before he had gone far he fainted and fell into a ditch, where he lay until after daylight.

The bandits appeared Sunday night, and, when refused admittance, battered in the door and overpowered the old men after a brief struggle. They then searched the house, and, finding only \$300, concluded that a larger sum was concealed somewhere.

They beat and choked their victims, and finally applied lighted papers to the soles of their feet to make them tell where the supposed treasure was hidden.

After an hour of excruciating torture John Fehren fainted from pain, and the robbers left. John was still unconscious when assistance arrived, but revived, and is in a less serious condition than his brother.

PROMINENT PHYSICIAN DEAD.

Dr. Charles C. Rublee, Well Known Throughout Northern Vermont.

Morrisville, Sept. 12. Dr. Charles C. Rublee died at his home in this village yesterday after a long illness of diabetes. Dr. Rublee was one of the leading physicians of Lamoille county and was well known all through northern Vermont. He had been health officer of Morrisville for many years. Aside from this, he never held public office. He was deeply interested in Masonry, in which he was initiated in 1874, in Mt. Vernon Lodge of this place, and served as master in 1893-95. He was a member of Tucker Chapter, R. A. M., of this place, of Palestine commandery, K. T., of St. Johnsbury, and of Mt. Sinai Mystic Shrine of Montpelier.

Dr. Rublee was twice married and is survived by his second wife, who was Miss Lou Mooney of Burlington. Four children by the first wife survive, George Rublee, medical student, Mrs. Sadie Pike, who has been spending the summer here, Mrs. Edna Sargent of this place, and Mrs. Emily Palmer of Wilder.

SNAPSHOTTED HIGHWAYMAN.

School Teacher, With His Permission, "Took" Him in Action.

Philadelphia, Sept. 12.—Miss Anna and Miss Mary Wilkinson, school teachers here, are the only women who ever snapped a real highwayman in action. "We were travelling near Mariposa Grove, Cal.," said Miss Anna, when asked about the incident, "when there came the stern command to halt. The stage coach halted, and out of the bush came a masked highwayman. He cleaned us all out except \$200 my sister hid from him."

"He was a nice robber and rather gentle, and as he was finishing I asked him to please let me take a snapshot of him. 'Sure,' he said, 'but maybe you've got a gun in that box.' 'No,' said I, 'only films.' So he covered me with his 44 Colt and backed away, and I snapped him. It's a perfectly lovely picture," said Miss Wilkinson, producing the photograph.
